**ART PASSED AWAY IN MARCH OF THIS YEAR**

- Art and Ursula Spooner have been missionaries in Europe since 1983. They have been involved in teaching/discipling and counseling missionaries, nationals and church planters throughout those years. Both have also been involved in staffing and helping in international schools throughout Europe.
- Ursula presently resides in Vienna, Austria where she is still ministering with [World in Need International](#), a faith-based mission. Ursula ministers to the trafficked women on the streets of Vienna and is also involved in counseling and helping with various support roles in the [International Christian School of Vienna](#). Art had officially retired due to age and various health issues, but continued to serve in supportive roles until he died.
- Please pray especially for Ursula as she ministers in dangerous areas and deals with the loss of her husband.

one of the missionaries we support.  
Chuck and his wife, Jimmie Lynn,  
have been ministering in Australia.  
They are currently home on medical  
leave for Jimmie Lynn. Then they will  
be on Home Assignment.**
